Instructions to the client

Please proceed to make an appointment to undergo the required immigration health examinations listed in this letter with an approved panel physician if you are outside AUSTRALIA or the Department of Home Affairs (Home Affairs)'s migration medical service provider if you are in Australia. You may also subsequently be referred to a specialist for additional health examinations. Specific requirements for arranging your health examination are explained on Home Affairs' website at <https://immi.homeaffairs.gov.au/help-support/meeting-our-requirements/health/arrange-your-health-examinations>.

If an examination is listed as Completed this means that there is an existing examination that can be re-used for this visa application. You will not be asked to complete this examination again unless a repeat examination is required because your medical circumstances have changed or the examination has since expired. More information about when re-use is allowed is available at <https://immi.homeaffairs.gov.au/help-support/meeting-our-requirements/health/arrange-your-health-examinations>. If you believe that you have additional examinations for re-use contact your case officer before you attend your appointment.

When making your appointment, please provide the clinic with your health identifying number (HAP ID) indicated at the top of this letter. Please also make sure that you bring with you to your appointment:

- **this referral letter**
- your prescription spectacles or contact lenses, if applicable
- existing specialist and/or other relevant medical reports for known medical conditions
- any previous chest x-rays
- a valid passport **OR** an agreed form of alternative documentation to confirm your identity.

Note: a copy of any health information that you have already provided to Home Affairs online is included below for your information. This information will also assist staff at the panel clinic that you select to visit.
